

MARINE PROTECTION / BOATS & YACHTS

MARINE

NL-TDS-MARINE-EN | REV 1.0 | DOCUMENT DATE 26 SEP 2026

ENGLISH EDITION / PRODUCT TECHNICAL INFORMATION

A single-layer quartz ceramic coating for boats and yachts, designed to enhance gloss and water repellency and simplify maintenance.

Intended surfaces: Boat bodies and compatible vinyl, glass, plastic, rubber, leather and metal.

01 / TECHNICAL DATA

Coating system	Single-layer quartz coating
Pack size	Not specified
Application limits	Confirm with NANOLAB
Coverage / thickness	Not specified
Cure / water exposure	Not specified
Storage / shelf life	Not specified

Technical values refer to the product information [1]. Where stated, curing and working times are typical guidance and depend on conditions.

04 / STORAGE & SHELF LIFE

Storage conditions and shelf life: contact NANOLAB for product-specific instructions.

05 / APPLICATION NOTES & SAFE USE

Contact NANOLAB for substrate-specific installation instructions, immersion suitability and return-to-water requirements.

For technical parameters not specified in this document and substrate-specific advice, contact NANOLAB technical support.

Read the current product-specific SDS and label before use. Follow their ventilation, PPE, handling and disposal instructions. This sheet does not replace the SDS.
