

MATRIX ELITE

ALL IN ONE exterior nano ceramic coating / 50 mL

Product overview

An exterior coating developed for a smooth, forgiving application and an ultra-slick, high-gloss finish, including demanding heat and humidity.

Compatible finish

For glossy clear coat, glass, wheels, plastics, gloss vinyl and gloss PPF. Do not use on matte or satin finishes.

Application guidance

Use the current product label and request the ELITE-specific application instructions and safety data sheet for your product and batch. Do not substitute working or curing times from another MATRIX formula.
